## May 17–October 7, 2018

Included with daytime admission, *Chihuly at Biltmore* showcases breathtaking large-scale glass sculptures in an equally breathtaking setting: the historic gardens of America's Largest Home®. The vibrant colors and organic shapes that distinguish Chihuly's dramatic creations are captivating presented within Biltmore's artfully designed landscapes. The sculptures' placement in the gardens offer an intriguing juxtaposition of the master works of two consummate artists—premier American artist Dale Chihuly and revered Biltmore landscape designer Frederick Law Olmsted.
