Choo-Choo City Rails 2019 SER Convention

Welcome to the 2019 Convention in beautiful Chattanooga, TN!

Roy Masterson, Superintendent and Convention Chairman, and his Convention Team have been working hard to put together an outstanding event for our members and families. In addition to the excursions and layout tours, you will be able to enjoy first-class clinics from a talented team of speakers.

Please take time to study the Timetable which will outline all the activities that you and your family can enjoy over the weekend.

In addition, please be aware that the Annual Chattanooga Riverbend festival will be taking place downtown and will include Keith Urban on Friday and fireworks over the river on Saturday night.

We must thank Roy and his team for all their hard work as well as ScaleTrains.com for their sponsorships of pre and post-convention activities, and the financing a key speaker.

All Aboard!

Roy Masterson, Cherokee Division Superintendent & 2019 Convention Chairman

Welcome to Chattanooga! On behalf of the Cherokee Division and the 2019 Convention Committee, I want to thank you for attending this year's SER Annual Convention. Our goal was to provide a convention with outstanding clinicians, located near family-friendly tourist attractions like the Tennessee Aquarium and the Bluff View Art District. The downtown area is filled with many unique restaurants and shops. Nearby are Lookout Mountain's Incline Railway, Rock City and Ruby Falls. We also lined up some interesting Non-Rail activities.

There are a variety of clinics, the judged model contest, favorite model contest, self-guided layout tours, operating sessions, consignment room and guided industry tours.

Saturday at 5:00 p.m. the SER Reception begins with an open bar followed by the raffle drawing and Convention Banquet at 7:00. Pelle Søbørg, world renowned model railroader and author, will be our keynote speaker. Pelle's trip to Chattanooga was sponsored by ScaleTrains.com.

We thank ScaleTrains.com again for their generous sponsorship of this year's SER Annual Convention. The YouTube promotional video they created about our convention has been viewed over 2,000 times. ScaleTrains.com is also providing a great selection of items for our raffle and presenting several clinics during the convention as well as events before and after the convention.

We also thank Model Railroader Magazine for sponsoring Cody Grivo and Riverdale Station for sponsoring Lance Mindheim.

If this is your first convention or latest of many, we hope it will be an enjoyable experience with old and new friends. Have fun!

Layout Tours - Friday 5/31 morning (9 a.m. - noon)

B - Rich Stichler's European and Japanese Z layouts
90 Creekview Dr, Ringgold, GA 30736

Handicap accessible in garage ~ 423-653-0854

Rich has two separate 2' x 3' portable layouts. The European layout is fully detailed with mountains, tunnels, bridges, a castle, streets and vehicles. The Japanese layout includes an engine house, turntable, bridges and a bustling town. The buildings include an impressive amount of detail, and both passenger and freight trains glide across the sleek track work.

C - Ed Painter's Virginia Piedmont, Appalachian and Western Railway
5265 Red Clay Rd, Cohutta, GA 30701

Enter via front door, downstairs

NOT handicap accessible ~ 678-350-5424

This HO scale railroad is a loose representation of the Appalachian Mountain region of Southwest Virginia and Southern West Virginia as well as the Piedmont region of Virginia. The main benchwork is built in a basic "U" configuration, 42' long with 90-degree wings of 16' and 18' at each end measuring 6' across.

Work on the layout began during the winter of 2018 with the entire double track mainline and several long passing sidings powered by NCE DCC wireless control system. Track 30% completed.

Additionally, Ed's house is conveniently situated where Norfolk Southern's single track is located with an average of more than 40 trains a day. Great for railfanning!

Consignment

W&A room (Vision Ballroom - "A")

A reminder that all consignments items must be removed from Ballroom A by 2:30 on Saturday.

Fine Scale Wood Kits

Contest

Bring your entries to the Inspiration Meeting Room.

Friday: 10:00 a.m. - 5:00 p.m.

Saturday: 9:00 a.m. - 10 a.m.

Room closes for judging at 10:00 a.m.

2nd Floor

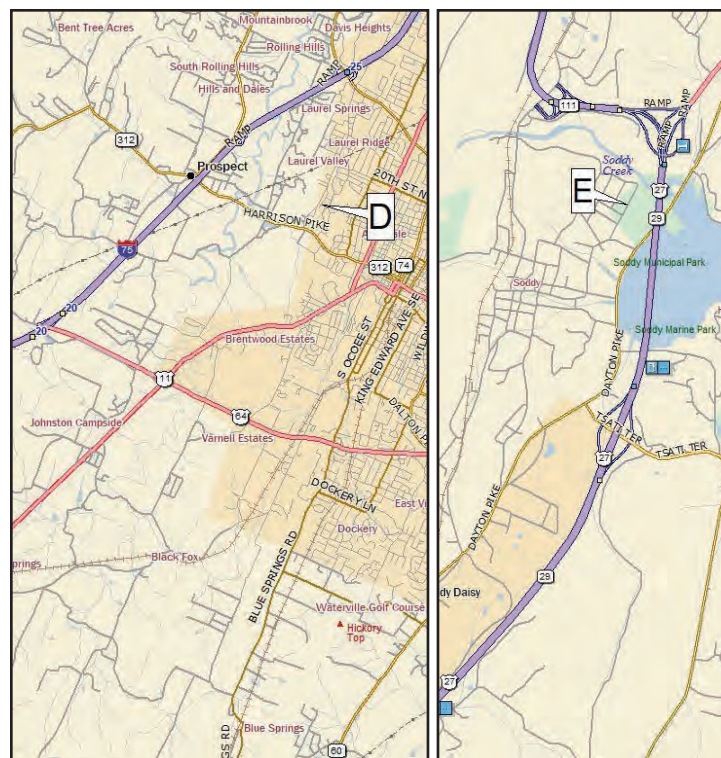

Reception - Raffle - Banquet

Western & Atlantic Room (Vision Ballroom)

Prior to the banquet at 7:00 p.m., join us for a reception at 5:00 outside of the W&A room.

There will be a cash bar and raffle tickets will be sold until 6:30, at which time drawings will be held in the W&A room.

You must be present in the W&A room to claim your winnings.

Layout Tours - Friday 5/31 afternoon (1 - 4 p.m.)

D - David Holsinger's Nona County Rails

1035 Bramblewood Trail NW, Cleveland, TN 37311

Enter via backyard into basement

Handicap accessible ~ 423-339-0650

This 13' x 30' HO layout features a variety of mid-west railroads running on four separate mainlines, each on a separate level.

The "farm side" of the layout includes stock pens, soybean and corn fields (including 8000 handmade cornstalks!), and greenhouses; the "industrial side" of the layout includes an oil terminal, a cement plant, grain elevators, and numerous other detailed scenes.

The railroad is 100% complete with DC control.

E - Willie Clonts' Soddy Daisy Southern

11629 Guth Rd, Soddy Daisy, TN 37379

Park in driveway, layout is in building out back.

Handicap accessible ~ 423-718-5989

This freelanced HO scale railroad is a 16 x 40 foot layout, set in Appalachia during the 1930-1949 period. It is a beautiful scenic railroad, featuring two harbors, an operating swing bridge, multiple craftsman kit-built and scratch-built buildings, piers, and barges.

The layout design is "around the room" style with a peninsula featuring 18" of elevation change. Steam engines are the prevalent power with first generation diesel being added.

The layout has recently doubled in size and is a must-see museum quality layout, built by a true artist.

Layout Tours - Saturday 6/1 morning (9 a.m. - noon)

F - Jim Bailiff's HO scale Sharonville Division

480 Patten Chapel Rd, Chattanooga, TN 37419

Park in driveway, enter around left side to back door.

Handicap accessible ~ 423-322-8192

This layout depicts the early 50s Cincinnati area, with 2 scale miles covering 780 sq. ft. built on recycled doors with cork roadbed and foam scenery. It is 100% complete using Digitrax system.

G - Jerry Holmes' S scale C&O Allegheny Sub

1164 Cumberland Rd, Chattanooga, TN 37419

Park in driveway, use front door.

NOT handicap accessible ~ 423-821-8708

The 945 sq. ft. layout built on L girders, depicting the autumn of 1952 from Hilton WV to Clifton VA. It is built on Homabed with code 100 Shinohara track and #8 turnouts. The scenery is foam and plaster, with Mike Tylick structures and uses the NCE system.

H - Barry Miller's Lookout Mountain Southern

1605 Fairy Dell Trail, Lookout Mountain, GA 30750

Handicapped accessible but has a small step ~ 423-313-5318

This HO scale layout is a 24' x 13' freelanced, present day, multi-level layout, representing the NS and CSX on the Chattanooga to Wauhatchie route.

The railroad features lower staging on both sides of the dog-bone design and two helixes, allowing for continuous running, switching, and self-staging for operations. The layout uses Digitrax, it's track work is 40% complete and scenery at 20%. There are several industries to switch.

Also featured are multiple prototype bridges that will certainly "Catch your eye."

The purpose of the Operations SIG is to discuss how to operate model railroads in a way that emulates prototype railroads. We talk about how to generate, move, and control rail traffic so that your railroad can feel like a part of a nationwide rail transportation network.

If you want your trains to start moving freight and passenger traffic in a realistic way, come join us! We publish a quarterly full color magazine in electronic and print format and help promote operating events around the world.

Please visit our web site for a downloadable membership application and visit us on Facebook for lots of operating session pictures.

www.opsig.org

www.facebook.com/OperationsSIG

Layout Tours - Saturday 6/1 afternoon (1 - 4 p.m.)

J - Brian Ford's HO BN Monett Sub

1208 Laurelwood Dr, East Ridge, TN 37412

Park in driveway, enter around right side to back door.

Handicap accessible with a slight slope ~ 423-297-5726

This HO layout is designed for operations and models the Springfield area of the BN in the mid-1990's. It features Springfield Yard with many of the actual on-line industries. Under construction but with Springfield yard and an additional 50 ft of the mainline powered up, this layout uses a variety of non-traditional construction techniques and materials.

K - Chip Chipman's HO Concord Central

6906 Phyllis Ln, Chattanooga, TN 37421

Park in driveway or street, layout is in the detached garage.

Handicap accessible ~ 423-304-0818

The freelanced layout covers the 1980's to 1990's in the Chattanooga area. The layout covers 2.5 scale miles, featuring classification and intermodal yards, locomotive shop, and several large industries such as grain elevator and scrap yard (with real rust debris!). Concord Central provides the local switching for the various NS and CSX mainline freights.

L - Ed Tougaw's N scale Intermont & Western Virginia

209 Dailey Hills Terrace, Ringgold GA 30736

Enter around right side to back door

Handicapped accessible ~ 423-280-9105

The I&WV Railroad is located in the south-western tip of Virginia set in steam transition era of the 1950's. It serves as a bridge line between the Interstate and the C&O. These connections generate traffic from several major lines. King Coal still rules on the I&WVRR.

This multi-level layout is under construction and features 3.5 scale miles of track, a major marshalling yard, facilities for servicing steam and diesel, and three coal branch lines. Ed uses traditional DC blocks and multiple tethered throttles.

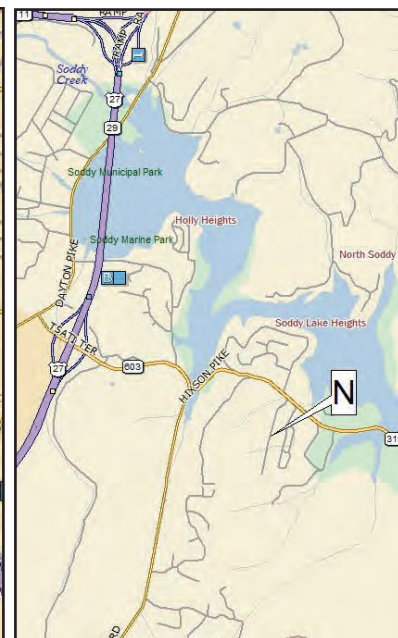

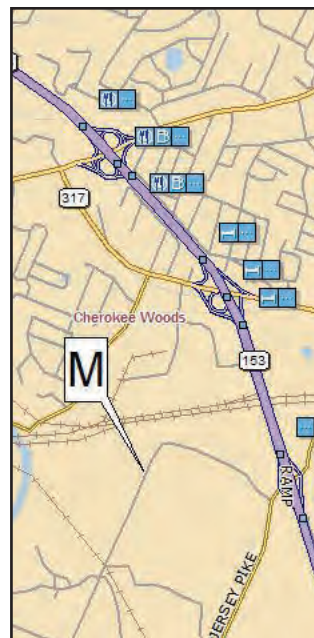

Travel into History

with the Tennessee Valley
Railroad Museum.

**Experience the Golden Age of
American Railroading throughout the year -
check tvrail.com or call 423.894.8028 for ride details.**

Layout Tours - Sunday 6/1 morning (10 a.m. - 1 p.m.)

M - TVRM Rathole Division

4121 Cromwell Rd, Chattanooga, TN 37421

Drive to back of office building - enter back door

Handicapped accessible - 423-598-9925

TVRM and the Chattanooga Area Model Railroad Club are building a HO scale layout depicting a portion of the Rathole Division of the CNO&TP. The layout will cover an area of more than 1,850 sq. ft.

When completed the layout will be open to the public, running in an automated mode with 7 simultaneous trains and using the Digikeijs DCC system. The club will also have operating sessions. Benchwork has been completed and track laying has begun.

CSX and Norfolk Southern mainlines make for great railfan viewing at the TVRM station.

N - Bill Orman's HO MLS&T

11194 Captains Cove Dr, Soddy Daisy TN 37379

NOT handicap accessible ~ 423-243-6829

The MLS&T is a HO freelanced, present day railroad, depicting the Tennessee and Southern Kentucky landscape. Trains originate and return to Memphis, TN and Meridian, MS using a shared NS/CSX mainline arriving in New Holland yard for distribution to several major industries.

The layout is primarily a switching layout with 128 feet of mainline, a branchline providing five industries to serve, and Seeburg-Simmons industrial park on a peninsula. Major industries served are an auto plant car loading facility, an auto transload facility to car carrier trucks, auto parts suppliers and other.

Additional traffic includes a coal fired power plant, salvage company, cement plant and flour mill providing a broad array of traffic on the railroad.

E - Willie Clonts' Soddy Daisy Southern

11629 Guth Rd, Soddy Daisy, TN 37379

Park in driveway, layout is in building out back.

Handicap accessible ~ 423-718-5989

See page 9, Layout Tours for additional information.

Layout Tours - Sunday 6/1 afternoon (1 p.m. - 4 p.m.)

Driving distance to the next 2 layouts are approximately 15 minutes east of ScaleTrain's.com train-watching party in Dalton.

O - Ted Yarborough's D&RGW and Rio Grande Southern
212 Love Drive, Chatsworth, GA 30705 ~ 706-695-2155 home

This narrow gauge garden railroad features Heartland and Bachmann 'Geese' as well as Bachmann and LGB locomotives. Wooden structures are custom made and resemble Colorado buildings. There are tunnels and bridges on 5 non-connected loops totaling about 250 ft. of track.

Special Note: Rain will cancel tour of this railroad; please call if in question before driving to Chatsworth.

P - Whitfield-Murray Historical Society's layouts at Chatsworth
L&N Depot ~ Whitfield-Murray Historical Society
100 First Avenue, Chatsworth, GA 30705

Small operating garden display of G-Scale train belonging to NS engineer, located in 1905 L & N Depot. HO scale railroad belonging to local educator also operating inside depot. M-5 SCL caboose on display behind depot. Free admission/donations accepted.

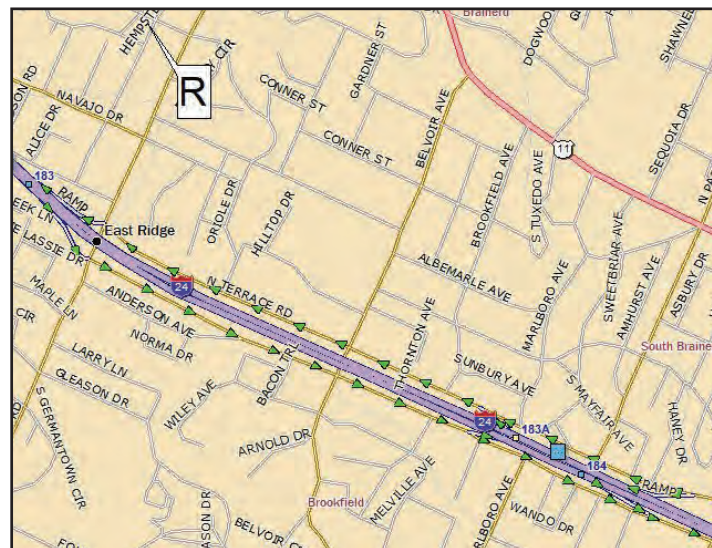

Q- Knoxville Area Model Railroaders - 1:30 to 4:30 p.m.

Children's Museum of Oak Ridge
461 W Outer Dr, Oak Ridge, TN 37830 ~ 865-482-1074
www.knoxmodelrailroaders.com

Loosely based on the Southern Railroad, the Knoxville, Atlanta, and Mobile Railroad (KAMR) is a subsidiary of the Southern and uses a lot of Southern equipment, similar to the NC&StL and the L&N. Great liberties are taken with both history and geography, while modeling the mainline from Cincinnati to Chattanooga and including the classification yard and passenger station in Knoxville.

The 30 by 40 ft. layout room is located within the west wing of the Children's Museum in Oak Ridge, approximately 2 hours northeast of the convention hotel. An N scale layout will be operating in the same building at the same time.

LUNCH ON YOUR OWN

THE QUALITY IS IN THE DETAILS!

Yes, you can build a great building, diorama or layout but if you don't have quality detailing pieces it's just another model.

Rusty Stumps Scale Models offers some of the finest quality detail pieces you can find, 3D printed & cast resin parts with top quality.

Available in N, HO, S & O Scales as Listed.

Too many to show them all here but got to www.rustystumps.com and you will see a ever growing collection of the finest detailing pieces numbering in the thousands.

We do the CAD & design work on most all our products be it 3D printing, casting or kits. All products are manufactured by Rusty Stumps.

We only sell anything but our own products.

We also offer limited edition Craftsman Stick-Built Kits for the discriminating modeler to build.

Kits currently available in HO and/or O scales

Backwoods Coaling station shown in O scale is soon to be announced. This is a proto photo, to the right.

We are Pleased to Support the

For over 38 years, Bob Branin has made **RIVERDALE STATION**, THE store for THE Advanced Modeler, into one of the leading hobby stores in the Southeast.

From Atlanta's best selection of brass and plastic locomotives to R-T-R and craftsman kit passenger and freight cars, from scenery supplies and model buildings; from track and power systems to a huge selection of detail parts and books and magazines, **RIVERDALE STATION** has everything you need to bring your model railroad to life!
