Commentary...

An invitation...

We're proud to offer you your own chat room for Division 15 members only. It's called "LANDOFSKYDIV." Membership is open to all Division 15 members. Once you receive your invitation in an e-mail, follow the instructions to sign up. Note: it's voluntary, not mandatory for you to join this group.

As we're all scattered across Western North Carolina, we encourage you to join so you may stay in contact with each other, help others and share your thoughts, ideas and observations about model railroading with your fellow members. This is your site! You will be able to post pictures and other documents. However, if you try and post something greater than 16 megabytes it may not go through. If you send attachments, keep in mind that not everyone has all of the different applications needed to open your attachment. "Word" or PDFs can generally be opened by most people. JPEG, Bitmap or TIF pictures are best. You'll also be able to send a response to the entire group or just to the original author. At the bottom of the Group e-mail you receive, you'll see the words "Reply to Group" or Reply to Sender."

The rules for the group are simple: all topics related to the hobby of model railroading, railfanning, railroading in general and historical information are welcome. What's not acceptable? Topics related to religion, politics, foul language or sexual content of any kind. Keep in mind when you use this group you'll be sending a message to over 65 individuals, so be kind and gentle. If you have concerns or complaints about division policy(s) or the NMRA, please direct those comments to the superintendent. It's our hope this group will be positive and upbeat. There's a time and place for your concerns to be voiced and shared. If any member abuses this group site, they'll be removed from the group.

We're in the process of sending out invitations to all Division 15 members. Some e-mail addresses are incorrect or not current. If you've not received an invitation, please e-mail Michael Nicoletti at mnicolett4@aol.com with the correct information. For now, the group e-mail will not replace the paper newsletter (as there are a few members that do not have e-mail). If you know someone who does not have e-mail, maybe you can help them to share their thought and ideas with us.

The National Model Railroad Association (NMRA) is an organization of scale model railroaders, advancing the model railroading community through education, standards, advocacy and fellowship.
